

Gaining an Edge Over Competitors in the Securities Industry with Agile IT.

Tebon Securities Co. Ltd. provides a comprehensive, innovative service offering that includes wealth management, asset management, investment banking, private equity analysis, internet finance, and international mergers and acquisitions. The company operates in a fiercely competitive marketplace, where the speed of response is key to success. Tebon Securities deployed a hyperconverged infrastructure solution from Lenovo and Nutanix, powered by 2nd Gen Intel® Xeon® Scalable processors. Thanks to its new IT infrastructure, Tebon Securities enhanced resilience significantly. The company gained new copy and snapshot capabilities for backups, and ramped up data security, helping it to guard against interruptions to service.
